DANIEL J. SCOTT WILL BE BURIED ON WEDNESDAY

Funeral services for Daniel Scott, 31, Gettysburg R. 1, fatally injured early Saturday morning when his tractor-trailer crashed in to a warehouse near Gordonsville, Va., will be held Wednesday afternoon at 2 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. Dr. Paul L. Reaser officiating. Interment will be in Florio's Cemetery and friends may call at the funeral home Tuesday evening from 7 to 9 o'clock.

Gordonsville Police Sgt. T. C. Smith said a truck driver for the Penn-Dixie Lines of York, was pinned in the crushed cab of his vehicle after it struck the side of a feed warehouse, and died within a half hour and before he could be removed.

Smith said Scott was driving north on Route 15 and apparently fell asleep. His vehicle veered to the left and hit the corner of a warehouse owned by the Farmers Cooperative Exchange at 3:25 o'clock Saturday morning. The cab of the truck pushed into the warehouse and the 32,596 pounds of rice in the trailer shifted, crushing the cab. Wreckers had to be used to pull the trailer off the cab.

Estimate \$5,000 Damage
Police estimated damage to the warehouse at \$5,000. The tractor was demolished and damage to the trailer was estimated at \$2,000.

The crash was discovered by a group of young persons in a car who heard a noise and investigated. Smoke was coming from the wreckage of the diesel truck when police where called but there was no fire. Scott had been employed by the Penn-Dixie Lines for the last eight years and before that was employed by the Manufacturers Light and Heat Co. here. He recently completed a new home on Gettysburg R. 1, near Greenmount.

A son of Jesse and Grace (Martz) Scott, Gettysburg R. D., he was the husband of the former Janet Kump. Surviving in addition to his parents and wife are four children, Daniel, David, Donald and Linda, all at home; three brothers, Charles Scott, New Oxford R. D.; Paul Scott, Gettysburg R. 4, and Richard Scott, Mummasburg, and two sisters, Mrs. Marsha Black, Gettysburg R. 4, and Mrs. Dorothy Rice, also of Gettysburg R. 4.

Damage was estimated by authorities at \$75 to the Linebaugh vehicle and \$45 to the Waddell automobile.

No one was injured in an accident Saturday afternoon in front of the Jennie Wade Museum, Baltimore St., when a truck with a semi-trailer driven by Paul H. McClellan, 37, Gettysburg R. 1, smashed into the rear of another trailer-drawn truck driving north on Oscar P. Peters, 33, Lakeville, Ind., causing \$85 damage to the McClellan vehicle owned by Leo McDermitt, Lincoln Way East, and \$75 damage to the Peters vehicle, police said.

According to an accident report, Peters attempted to go around a parked car that was about two or three feet from the curb when his companion warned him of side-swiping the car. United States Rules Out Summit Conference Now; Want Talks Through U.N.

Jordan Breaks Relations With Arab Republic

By EDWIN A. SHANKE
BEIRUT, Lebanon (AP) — Jordan widened the breach with President Nasser today, breaking diplomatic relations with his United Arab Republic.

King Hussein's desert state got 12½ million dollars in cash while more U.S. troops poured into neighboring Lebanon.

The American aid to Jordan so far did not include troops. It came as oil-rich Kuwait and Saudi Arabia stood on the edge of the Middle East whirlpool and Nasser continued working to consolidate his gains.

The U.A.R. chief returned to Cairo today after a bustling three-week round of diplomatic talks that took him to Yugoslavia, the Soviet Union and Syria.

Some 1,400 more American troops landed in Beirut, bringing the total in Lebanon to about 9,400. The new arrivals brought in the first heavy artillery as well as cooks, supply and maintenance men that indicated the United States might be getting ready for a long stay.

The troops were troubled by minor harassment but there were no casualties. Pro-Nasser rebel snipers took potshots at U.S. Marines guarding strategic spots in Beirut and the Marines fired back. The rebels also aimed small arms fire at planes. A soda bottle filled with gasoline and rigged with a timing device was left with one Marine unit and exploded, but no one was hurt.

Murphy Sees Patriarch

"Our biggest problem at the moment is keeping out Lebanese kids who want to sell the troops soft drinks," said an Army spokesman. Robert Murphy, U.S. deputy undersecretary of state sent by President Eisenhower to help work out a political solution to the Lebanese crisis, called on Paul Meouchi, pro-rebel patriarch of the Maronite Christian Church.

Murphy refused to indicate what was discussed, but the call indicated he was making contact with pro-Western President Camille Chamoun's opposition. Rebel leaders had made no move to contact U.S. officials on the ground that their country's crisis is purely an internal matter.

Nasser's recognition of the new regime in Iraq touched off the final break with Jordan. King Hussein, the junior partner in Jordan's federation with Iraq, has claimed the federation still exists with him as head of Jordan as well as Iraq. King Faisal, Hussein's cousin, was killed during the Iraq coup, and the Iraqi rebel government has denounced the tie with Jordan.

SAY MOSCOW "ASTOUNDED" BY U. S. MOVE

PARIS (AP)—Soviet sources in Paris said today there is every possibility Moscow will station troops in Syria at the request of the United Arab Republic if a summit conference does not lead to a Middle East arrangement. The informants asserted Khrushchev has made his last call for a summit conference.

"If this one is turned down," they said, "it will be the Soviet Union's turn to start saying no. We cannot continue to appear before our people as supplicants for a conference with the West."

They described Moscow as astounded by the decision of the United States to send troops into Lebanon.

"You Have Lost Arabs"

"There was a propaganda battle going on there that could have lasted for 100 years," they said. "We had our advantages and you had yours. In fact, you had more—more money and more equipment which we cannot spare from China and other countries. Now, in our view, you have lost the Arab world."

These sources said that "we are asking ourselves if the United States has abandoned the diplomatic road and will henceforth use military force instead."

The answer to that question, they claimed, is what Khrushchev wants to find out in a face-to-face meeting with President Eisenhower.

TAX EXEMPTION ON SUMMER JOB

Most parents will not lose the \$600 exemption they may claim on their federal income tax returns for each dependent child spending the summer vacation at a part-time job, Edgar A. McGinnes, district director of internal revenue, said today.

Children who will still be under 19 years of age at the end of the year, and children who are full-time students, regardless of age, come under this special exemption rule of the Federal income tax law, he said.

McGinnes explained that parents who contribute more than half the support of a child in one of these categories may claim a dependency exemption regardless of the amount earned by the child.

Get Exemption

He also had a good word for the working children. They are entitled to a \$600 personal exemption and may be due a refund of part or all the Federal income tax withheld from their wages. They will have to file an income tax return, McGinnes said, claiming refund of any amount withheld in excess of the actual tax liability.

An questions concerning individual cases can be answered at local internal revenue offices, McGinnes said.

JACKSONVILLE, Fla. (AP)—A Stroudsburg, Pa., sailor shot his bride of three months Sunday and then took his own life, police said, in her small apartment.

Detective Sgt. F. A. Gruber said the bodies of Kenneth F. Kipp, 21, stationed at the Jacksonville Naval Air Station, and his estranged wife, Judith Dianne Kipp, 19, were found by Mrs. Kipp's landlady. Mrs. Kipp was from Marshalltown, Iowa. The two were married in April.

Gruber said a note written by Kipp was found nearby. It read: "This is no accident. It was because two people couldn't agree on life."

The detective said the girl's body was lying on a bed beside which Kipp was found in a kneeling position. Both had bullet wounds in their heads. A 25 caliber pistol was found under the sailor's body.

Mail planes, when they began service 20 years ago, landed at dusk and transferred their mail sacks to trains for overnight transportation. Nevertheless, this fly-by-day system cut 22 hours off the coast-to-coast mail service.

RCA ENGINEERS RETURN TO WORK

PHILADELPHIA (AP)—Some 1,600 professional engineers at Radio Corp. of America plants in Camden, Moorestown and Delaware Township, N.J., were working today after a 14-day strike.

They will vote sometime this week on a wage formula proposed Saturday night by Commissioner John R. Murray of the Federal Mediation and Conciliation Service.

Charles Brindley, President of the Assn. of Professional Engineers, said the proposal terms would not be revealed until after the vote.

Agree To Formula

Negotiators for the union and RCA agreed to the formula after a nine-hour meeting.

The engineers went on strike July 8 after a dispute over wages, a merit fund and contractual language regarding layoffs.

The company had offered a 6 per cent wage increase and changes in the layoff clause. The union had declined to say what wage increase it would settle for, but had offered to drop its merit fund proposal.

Pre-strike wages of the engineers ranged from \$5,500 to \$17,000.

Court Unification In Penna. Favored

PHILADELPHIA (AP)—The Philadelphia Bar Assn. was on record today for unification of Pennsylvania's court system through revision of the state constitution.

Walter R. Alessandrini, chancellor of the association, submitted a report to the Board of Judges over the weekend suggesting constitutional changes to make the unification possible.

The report said confusion and duplication has resulted from each court adopting its own rules of practice and procedure. It called on Philadelphia's common pleas judges to take steps to improve administrative procedures pending constitutional changes.

Under the unification, the report noted, the work load could be equalized by assigning additional judges to civil cases. This is now the practice in criminal cases in Philadelphia.

U.S. Rules Out

Jordan and declared they had gravely endangered the peace.

The sensational Soviet gambit, authorities here said, put the two Western Powers in a bad spot before world public opinion, already alarmed over the possibilities of war in the Middle East.

Eisenhower at his Gettysburg farm, promptly conferred with Secretary of State Dulles by telephone. Dulles discussed the Khrushchev proposal immediately afterward with British Foreign Secretary Selwyn Lloyd.

Lloyd and Dulles met again just before Lloyd took off for London after 3 1/2 days of discussions here on British-American Middle East strategy.

Lloyd told reporters Dulles and he "are in substantial agreement" on how to handle the Khrushchev note. The White House a few hours later issued a terse statement which set the tone of the reply expected to be sent to Moscow late today or tonight.

"The United States is carefully studying the Soviet note and intends promptly, after appropriate consultations, to make a calm and constructive response," the statement said. "It will not undercut, and we hope, will enhance the work of the United Nations, which has been so well begun. We think it vital that the work of the United Nations Security Council energetically go on."

Increased Pressure

But while U. S. officials are cold to Khrushchev's proposal for an emergency summit session on the Middle East, some, at least, believe that war fears have considerably increased pressure for a top-level session.

Dulles and Lloyd are understood to have agreed that they would persist in trying to arrange such a meeting with the Soviet Union providing negotiations give substantial advance promise it would be successful in producing worthwhile agreements. The result is to revive the possibility of a summit meeting later this year.

Dulles and Lloyd reportedly agreed that any East-West discussions on the Middle East crisis at this time must be kept within the framework of the United Nations.

Extraordinary Session

In accord with this, Dulles and his aides were reported to have worked out Sunday night a draft telling Khrushchev that if he really believes actions by the Western powers are threatening world peace, the place to make his complaint is in the United Nations Security Council.

Officials pointed out that the Security Council's rules provide for extraordinary sessions in which the 11 member governments, including the United States and the Soviet Union, can be represented by high government officials rather than by their regular U.N. ambassadors.

Actually, there was no evident enthusiasm here for an immediate summit meeting on the Middle East at the U.N. or anywhere else. But it appeared that if the Soviets wished to pursue the matter, a meeting at least of foreign ministers at the Security Council might result.

Lloyd and Dulles are reported to have agreed in their meetings here Thursday through Sunday morning that if the U.N. observer group in Lebanon can be enlarged, armed and given adequate power to deal with the situation, this would meet U.S.-British requirements for the security of Lebanon and would permit removal of American forces from that country.

2 Killed When Plane Crashes Near Airport

EASTON, Pa. (AP)—Two young men were killed Sunday night when their single engine Piper Cub crashed and burned while they were practicing landings.

The plane suddenly went into a spin and crashed in a field about a mile from nearby Braden Airport.

Killed were Robert Williams, 23, of suburban Wilson Borough, and Anthony Wzontek, 19, of Nazareth. Both were bachelors. Williams was a clerk and Wzontek was a freshman last semester at the University of Texas.

Investigators said the two had been practicing landings most of the day. It was not known who was flying the dual control plane when it crashed. Both men were licensed pilots, the investigators said.

Defends Record Of Pa. Assembly

HARRISBURG (AP)—A Republican House leader has hit back at Gov. Leader for criticizing the 1957 GOP-controlled Legislature as a "do nothing, spend nothing" session.

Rep. Albert W. Johnson, House GOP floor leader, said the governor's statements were made "despite the fact the Republican led House and Senate passed nearly 1 1/2 billion dollars in general fund appropriations to establish an all-time record of allocations in the state's political history."

"Naturally, the Republican Legislature didn't give Gov. Leader everything he asked for so that he could open the way for a Democratic spending spree," Johnson added in a weekend statement.

Pitching coach Mel Harder of the Cleveland Indians had a 223-186 record for 26 seasons with the same team.

BIOGRAPHY OF GEN. REYNOLDS IS PUBLISHED

The Pennsylvania State University Press today published "Toward Gettysburg," E. J. Nichols' biography of the remarkable "kid-glove" General John F. Reynolds who committed the Army of the Potomac to fight at Gettysburg, the most decisive battle of the Civil War. The personal correspondence and papers of John Reynolds and his family, published for the first time, date from his wistful reports as a Lancaster lad to a letter written fifty years after his death by his youngest sister, Ellie Reynolds, that supports a contested version of Reynolds' meeting with Lincoln.

Even before Gettysburg, General Reynolds was one of the most praised commanders in the Union Army. He had fought in two wars, as well as against the Indians. His administrative talents had been recognized early by his appointment as commandant of cadets at West Point. In the then present civil strife he had commanded in succession a brigade, a division, a corps. He had led each of them in battle—the brigade at Mechanicsville, the division at Second Bull Run, the corps at both Fredericksburg and Chancellorsville. Mechanicsville had been a brilliant beginning. Gaines' Mill showed the tenacity that kept him on the field till it was overrun and his capture lost him to the army for the rest of the Seven Days. At Second Bull Run Reynolds' part in the defense of Henry House Hill was esteemed heroic. The gallant defense of Henry House Hill dramatized the respect and appreciation that Reynolds could command from his troops—and more particularly—the loyalty and support he received from his fellow Pennsylvanians, the famous corps of Pennsylvania Reserves, the best-known and most respected single division in the Army of the Potomac.

"Actions And Decisions"

How the personal qualities of the man determined Reynolds' actions and decisions as a military leader is also part of Mr. Nichols' absorbing biography. Why, for example, he refused command of the Union Army—that now seems certain to have been offered by Lincoln—is more clearly understood as Reynolds' career is unraveled in the light of his private notebooks and letters.

At any rate, the young general declined to lead the Army of the Potomac. "The greatest chance of his career had touched him and he had brushed it off."

"Toward Gettysburg" is the July selection of the Civil War Book Club.

LES BROWN TO PLAY HERSHEY

HERSHEY, Pa. — Les Brown, the Pennsylvania native, who has appeared with comedian Bob Hope on many occasions, brings his orchestra to Hershey Park's Starlight Ballroom Saturday evening.

Born in Lykens, where his parents still reside, Les got his start in the music business playing in the home town band, which was directed by his father. He attended Duke University, where he played tenor sax with the Duke Blue Devils, the campus orchestra. In his junior and senior years he became leader of the group.

Upon graduation he headed for New York, where he was a "side man" with Isham Jones, Red Nichols and the late Jimmy Dorsey. In 1940 he stepped out on his own, forming his "Band of Renown." Since then he has won virtually every poll conducted by music magazines, including those of Downbeat, Metronome and Billboard.

In between cross-country jaunts he has found time to appear on the Bob Hope radio and TV shows, as well as accompany the comedian all over the world to entertain service personnel.

Brown carries a seasoned troupe of entertainers with him, including his brother, "Stumpy" Brown, vocal stylist and trombonist, "Butch" Stone, comedy singer, and Laurie Johnson, feminine vocalist.

The Harrisburg American Legion Band will be heard in free concerts in the park bandshell on Sunday afternoon and evening, July 27. Concerts are scheduled from 2 until 4 and 7 until 9 o'clock.

STATE POLICE PLAN HERSHEY RODEO ON AUG. 2

The Pennsylvania State Police rodeo and riding exhibition will be held at Hershey Stadium on Saturday, August 2.

Two shows will be presented; an afternoon show at 2 p.m., and an evening performance at 8 p.m.

These shows are free to the public and consist of daring horsemanship, precision and fancy drills, dare-devil motorcycle riding, trained police dogs, pistol shooting and numerous other spectacular feats of entertainment.

All participants in the show are active State Police troopers who put on this exhibition to give the public an idea of the background, training and skills of the members of the State Police organization.

Impress Youth

It is also intended by the presentation of the afternoon show, which is held especially for children, to impress upon the youths that the policeman is their friend. The show is designed to indoctrinate children in the elements of discipline, obedience, cooperation, team-work and respect for authority. All veteran organizations, civic clubs and local police are requested to cooperate in whatever way possible to provide transportation for the children so that they can see this exhibition.

For the adults, the show is designed not only for their entertainment but also to impress upon them how men, horses and dogs are trained to cooperate for exhibition purposes and also for the more serious business of enforcement of law and order throughout the state.

The show is presented by authorization of the commissioner of the State Police, Colonel Earl J. Henry, and is being sponsored this year by District Two, under the command of Major Frank L. Garrow, with troop headquarters at Harrisburg, Hollidaysburg and Montoursville.

Today's Talk

BE LOYAL TO YOURSELF

It often takes great courage just
to be ourselves. How often there
have been those who were loyal
to themselves — and joined to the
heroic minority!That famous, oft-quoted phrase
of Shakespeare fits in here. He
said: "To thine own self be true;
and it must follow, as the night the
day, thou canst not then be false
to any man." Our first duty, and
privilege, is to be true to ourselves.
We shall then be worthy to belong
to our friends.Nearly all of us have been born
with talents — a heritage from
Heaven. But unless we use them,
as intended, they are apt to wither
and die, and be ours no longer.
What a multitude of things there
are that might have been ours had
we appreciated them when born to
us! Our gifts of mind and heart
were bequeathed to us for a pur-
pose. We can never repay what we
owe to our Heavenly Father. Being
loyal to ourselves is an extended
loyalty to Him."From none but self expect ap-
plause," wrote Sir Richard Burton.
In our lonelier hours we should re-
call this quotation. It's from his
poem "The Kasidah," one of the
great poems in all English litera-
ture.If we do not remain loyal to
ourselves, how can others put their
faith and loyalty in us? What a
jewel to own is this loyalty to one-
self and to others! It's like own-
ing a prayer in the heart, full of
warmth that is everlasting.Right here I wish to slip in a
sincere tribute to "man's best
friend" — the dog, for you can't
write or talk about loyalty with-
out thinking of this inseparable
quality — the loyalty of all dogs.
Their life is as nothing with their
master gone.Tomorrow Mr. Adams will talk
on the subject: "Take the Happi-
ness Highway!"Printed, 1958, by The George

THINGS MAN DOES ONCE
Some things there are that man
will doBut once within his span of life,
And one on his fishing trips
To take his charming wife.To satisfy her every whim
At first may be his noble aim
And so, of course, he takes her once
To see a baseball game.Then, as a rule, although he may
Not always make his reasons
known,
To fishing or to baseball grounds
The chances are he goes alone.

ARE BUILDING
IN MANY AREASNEW YORK (AP) — The brief
early summer lull in the rise of
the cost of living is being upset
today by storm clouds building up
in the Middle East.Pressure for higher prices was
rising even before Western troops
moved into Asia Minor and the
Russian Bear began to growl
more loudly.But the Middle East develop-
ments are acting like a booster
shot. Tending toward the high
road: Gasoline, tires, used cars,
commuter fares, metals, wool,
sugar and rubber.Speculators Move In
Part of this is because specu-
lators moved into the commodity
futures markets, particularly in
London, and ignoring the over-
supply of most materials bid up
the prices of metals and grains.Part of the upward price pres-
sure is due to sober judgment of
businessmen that sources of some
raw materials might be shut off
and distribution of others dis-
turbed.And this belief could lead many
purchasing agents to take a sec-
ond look at their inventory pol-
icies. For months stocks were be-
ing cut. Any change toward build-
ing up again could have a
quick impact on prices.Prices On Rise
Some consumer prices already
were on the rise. Example: Gaso-
line prices were beginning to
ebb. Prices of gasoline were
firming in many sectors. The
threat of disruption of the flow of
oil from the Middle East with the
implied strain, however tempo-
rary, on Western supplies, firmed
the minds of oil executives.And last week wholesale
gas price rises became common-
place. Talk that fuel oil prices
would be next was wide spread.Revised was the memory of the
price rise in domestic crude oil
that followed the closing of the
Suez Canal and the spurt in West-
ern Europe's need for oil.Domestic producers have moved
quickly this time to reassure
Americans of the adequacy of sup-
plies here—although saying noth-
ing of any possibility of a price
rise.They point out that domestic
crude oil output now is about 6½
million barrels a day, while pro-
ducing capacity is 9½ million bar-
rels, and that at the March, 1957,
peak of the Suez crisis, produc-
tion here rose to 7½ million bar-
rels daily—thus presumably leav-
ing safe room for maneuvering.Used Cars Up
But consumers are facing other
rising prices. Used cars have gone
up, although new cars have been
slow moving. The price of the
forthcoming models is still in
doubt, but Detroit says the chance
to spend a lot extra on expensive
accessories will be greater than
ever.A tire price boost, tied more to
operating costs than to any threat
to the natural rubber mar-
ket, could add still more to the cost
of transportation. And already
many commuter rail and bus
fares are on the rise.Copper prices, wobbling uncer-
tainly for a time, have firmed

FINSTERWALD IS NEW PGA CHAMP WITH 276 TOTAL

By HUGH FULLERTON JR.
Associated Press Sports Writer
HAVERSTOWN, Pa. (AP)—Dow Finsterwald, a thoughtful and articulate young golf champion, doesn't think he's a great golfer or even an unusually good one.

As a result, he doesn't let it get him down when he finishes second or even over in a tournament. He's probably the most relaxed player on the pro circuit.

"It feels very strange to be first," he said after winning the 40th Professional Golfers Assn. championship with four superb rounds of 67-72-70-67—276 over the tightly trapped Llanerch Country Club course.

"I don't feel that I played less conservatively. I feel as if I played much the same as I've always done."

Played Boldly

Although he had every reason to go all out when he and Sammy Sneed hooked up in a final-round duel, he insisted it wasn't boldness or gambling that won.

Care observers thought otherwise. To them Finsterwald appeared to be hitting out boldly, going for the greens and trying to sink every putt while Sneed turned cautious.

Finsterwald, a 28-year-old graduate of Ohio University who has been on the pro circuit since 1951, was the runner-up to Lionel Hebert in the match play PGA Championship last year.

Overhauled Leaders

He went into Sunday's fourth round two strokes behind Sneed and one behind Bill Casper.

Casper took second with a 278 total—the only man besides Finsterwald to break par on 72 holes at Llanerch—while Sneed placed third with an even par 280. Jackie Burke, the 1956 PGA champ, came in fourth with 281, then there was a big gap to the 285s posted by National Open champion Tommy Bolt, Julius Boros and Jay Hebert. The defending champion, Lionel Hebert, wound up 15 strokes behind at 291.

The victory added \$5,500 to Dow's bulging bankroll. He has won more than \$35,000 in each of the past two years, with only one tournament victory in each season. So far this year he has collected about \$20,000.

COURT LEAGUE IS ORGANIZED

It was announced today that a five-team adult basketball league has been organized and the initial doubleheader will be played this evening, starting at 8 p.m., on the Recreation Park court.

Recreation Director Chet Hilger stated that five teams composed of boys from Emmitsburg, Biglerville and Gettysburg will make up the league. The Dons, managed by Monte Carter, will play the Biglerville entry, the Celtics, in the opening game and in the second contest the Gunners, managed by Earl Little, will clash with the Jets, a team composed of players from Emmitsburg.

High School boys make up the Eagles team, which will be idle tonight.

All games will be played on the recreation basketball courts. It was also announced that the officiating will be done by students attending the college summer sessions in physical education.

DODGERS GET OUT OF CELLAR AND REDS GO IN

By JACK HAND

Associated Press Sports Writer

Chavez Ravine may still be a dream but the Dodgers have won one fight. For the first time since May 12, Los Angeles is out of last place. By one skinny percentage point.

Los Angeles and Pittsburgh are tied for sixth and Cincinnati is last, thanks to the percentage table. Each is nine games behind league-leading San Francisco.

Johnny Podres won his ninth in 10 Coliseum starts, shutting out Philadelphia 6-0 on four hits Sunday.

Braves Beat Cubs

The Giants routed Bob Friend with five runs in the first inning and went on to down Pittsburgh 7-3, protecting their half-game lead over Milwaukee.

Milwaukee scored two in the ninth for a 4-2 victory over Chicago. It was Warren Spahn's 12th of the season. Joe Adcock homered for the Braves, Cal Neeman and Dale Long for the Cubs.

Sam Jones struck out 12 Cincinnati batters as St. Louis dropped the Redlegs into the basement 3-1.

14 Dodger Hits

Steve Bilko's 400-foot triple got the Dodgers away fast against

Curt Simmons, who gave up 14 hits in 7-13 innings.

Paul Giel, Minnesota's former All America halfback, won his second for the Giants with relief from Ruben Gomez.

Jim Davenport got two singles and a home run and Daryl Spencer came through with a three-run double. Dick Stuart homered for the Pirates.

Cards Rout Lawrence

Taylor Phillips of the Cubs, dueling with Spahn, had retired 12 in order when Mel Roach opened the ninth with a single and went to second on another single by Felix Mantilla. Don Elston came in and struck out Hank Aaron but pinch hitter Frank Torre singled to score Roach. Mantilla came home on a sacrifice fly.

St. Louis scored all three of its runs in the fourth while routing Brooks Lawrence. Singles by Stan Musial, Wally Moon, Curt Flood and Jones did the trick.

STRANGE FACTS GLEANED FROM SCRIBE'S MAIL

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

That there has been only one really indispensable man in the history of the world. Who? Adam!

That the first table utensil invented was the spoon.

That in 1855 U.S. taxes averaged \$1.98 a person. This year Americans will pay more for government than they will spend on food, clothing, medical care, and religious activities combined. Taxes are now the biggest single item in the cost of living.

Juke Box Definition
That 24 per cent of the married women under 30 don't have engagement rings yet. I know one who lives in my house who's been married 21 years and doesn't have one. And her prospects aren't getting any better.

That in parts of Europe from the 13th to the 17th centuries there were laws prohibiting the wearing of pearls. Those were the days when husbands had some real power.

That comic George de Witt defines a juke box as "a Broadway musical without a plot."

Wants To Select Labor Candidates

HARRISBURG (AP) — Joseph A. McDonough, president of the Pennsylvania Federation of Labor, has sought support of the PFL's executive board for authority to name state political candidates the organization will support in November.

McDonough requested the authority for himself and Earl C. Bohr, PFL secretary, in weekend letters to the organization's vice presidents. The vice presidents comprise the executive board and make the PFL's policy.

In the letters McDonough asked the power in order to work with Harry Boyer, president of the CIO Industrial Council, and its secretary, Harry Block.

OPPOSES CUT IN STRENGTH OF NATIONAL GUARD

INDIANTOWN GAP, Pa. (AP) — Gov. Leader has joined with other state governors in opposition to any moves by the U.S. Government to reduce the size or strength of the National Guard.

"There is a trend in Washington to reduce the strength of this great organization," Leader declared.

Stand At Conference
He made the statement at the annual Governor's Day Review of some 3,500 non divisional troops of the Pennsylvania National Guard. The review marked the midpoint in their annual summer encampment.

"I join with the governors of the state to oppose any reduction in the strength of the National Guard," Leader said.

WORK CAMPS TO SPREAD QUICKLY THROUGH WORLD

By TOM HENSHAW
AP Religion Writer
Eleanor Reeder of Fredericksburg, Ohio, is spending the summer in Hong Kong—but it's hardly a vacation.

She and Betty Wall of Tallulah, La.; Robert Cunningham of Columbia, S. C., and Robert Blackstone of Hollywood, Calif., are helping to construct a playground and a family life center for refugees.

Halfway around the world, on the Greek island of Zakynthos, Helen Cervenka of Oak Park, Ill.; Helen Bemis of San Bernardino, Calif.; and Ruth Farnsworth of Warren, Mich., are digging trenches for water pipes.

Work Camp Program
The Americans are part of the World Council of Churches' work camp program which has a thousand young people of many nationalities scattered around the world in 40 camps in 25 countries.

The camps have a two-fold purpose. They provide badly needed workers for such out-of-the-way construction projects as a country school in Vakin' Ankaratra, Madagascar or a YMCA camp in Korea.

Provide Opportunities
And, perhaps more important, they provide opportunities for youth of all nationalities and faiths to get together, something dear to the heart of the ecumenical-minded WCC.

The work camp program started in 1947 through the initiative of the Congregational Christian Service Committee (U.S.A.) and one of its secretaries, the Rev. Joseph Howell.

The first camp was held at the College Cevenol in Le-Chambon-sur-Lignon, France. The WCC moved in the following year and there were six camps. This year there are 40.

Many Projects
A total of 377 Americans are taking part in the 1958 program, with 132 serving abroad and the remainder in the United States on such projects as a chapel and youth center of American Indians.

The young workers are selected from volunteers who apply through their denominational boards or through the National Council of Churches. A joint committee of denominations makes the choice.

QUEEN CHOSEN
MARTINSBURG, Pa. (AP) — Black-haired Bonnie Lee Nicodemus, 16, of R. 1, Alum Bank, Bedford County, will compete in the state Queen of the Furrows finals at Hershey. She was selected Friday night as area representative for Blair, Bedford, Fulton, Huntington and Mifflin counties.

PARIS (AP) — Henry Farman, 84, aviation pioneer who claimed among his records the first flight with a passenger, died Thursday after a long illness. Farman flew balloons at first, then turning to heavier air crafts he built a machine in which he climbed 30 yards into the air in October, 1907.

Individual states in a determined effort to prevent this from occurring," Leader said.

His stand was in accord with one by the National Governor's Conference that guard unit strength should be kept up.

Leader described the guard as playing an important role in peacetime as well as in war.

"They have rendered effective service in times of hurricanes, floods, severe snowstorms, and other peacetime disasters," he added.

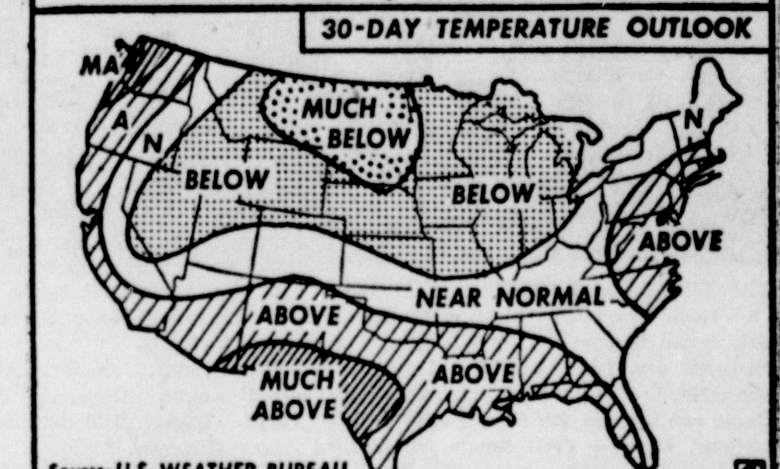

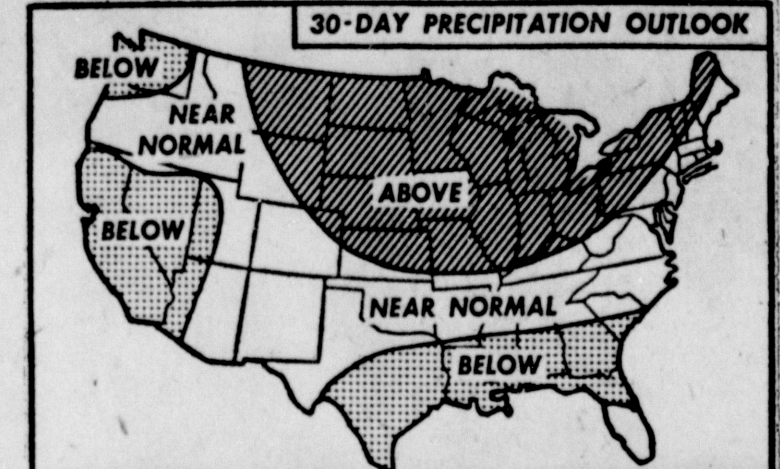

"To talk of cutting our national guard during these critical times is, in my view, dangerous and unwarranted."

ECONOMIC CURB NEEDED IF WAR SHOULD FLARE

By FRANK CORMIER
Associated Press News Analyst
WASHINGTON (AP) — If a shooting showdown should flare in the Middle East, the government can be expected to act quickly to combat the shortages and inflation which mark even brush fire wars.

Some of the tools to do this job are already at hand. Others probably would be asked quickly from Congress. And Congress could be expected to respond just as quickly, although there is no indication now such action will be needed.

Even a limited war in the Arab world could light a rocket under defense spending, put a bind on supplies of some strategic materials and open the way for new hikes in living costs.

Oil Lift Required
Oil probably would stop flowing from Middle East wells to the big Western European markets. This might require another oil lift from the Western Hemisphere to Europe — the kind of operation carried on while the Suez Canal was blocked early last year.

Already on the books are regulations for the allocation of strategic materials. These could and presumably would be imposed very quickly to prevent waste of vital stocks.

Also available is another regulation to curb hoarding by controlling industry inventories of raw materials.

No Wage Curbs
There is no provision in present law for controlling wages and prices. And credit can be curbed only indirectly through the Federal Reserve Board's power to tighten or loosen the money supply.

The Eisenhower administration is wary about imposing mandatory restraints on the economy. However, it is dedicated to fighting inflation.

To cope with the inflationary pressures of even a small war, it certainly would give quick consideration to asking Congress for broad economic controls.

War Brought Hikes
After the outbreak of the Korean War, living costs jumped more than 7 per cent in the eight months before controls went into effect. The Truman administration called at first for voluntary restraint, but to little avail.

Republicans were sharply critical of the Democrats at the time for not putting on the brakes sooner. It is a good bet that the present Republican administration, with the advantage of hindsight, would move faster if a similar situation arose.

The landing of U.S. Marines in Lebanon already is having a different kind of effect on the home front.

Political Impact
The impact so far has been political rather than economic. Senate Republican Leader William Knowland of California has noted that Middle East storm clouds have affected the congressional weather vane. He foresees restoration of some House-voted cuts in foreign aid.

Some other observers predict that trouble overseas will help the Eisenhower administration get more of what it wants in the way of reciprocal trade and defense reorganization legislation.

ORDERS FALSE ARREST CHARGE FILED IN SOUTH

McCONNELLSBURG, Pa. (AP) — A former Pennsylvania state trooper said he mailed a letter to his Georgia attorney Saturday telling him to file false arrest charges against Georgia and Tennessee officers.

M. E. Sherman Sr., McConnellsburg, complained earlier of alleged mistreatment of his relatives by officials of Murray County, Ga., and Polk County, Tenn.

Atty. Cecil D. Franklin of Rockmart, Ga., confirmed Friday that he had been contacted by Sherman about filing a federal court suit against the officers. However, he said he was waiting for further word from Sherman before filing the charges.

Man's Pocket Picked
Sherman said his wife, his son, his son's wife and their two small children were arrested in Georgia June 22 and detained overnight in a jail at Benton, Tenn.

He said his relatives were held in "dirty, filthy prison cells" and were not told of the charges against them for 12 hours.

"I have been informed in letters from the governors of both states that the arrest of my family was mistaken identity," the retired trooper said.

Tennessee officials said the family was taken into custody on complaint of an elderly Tennessean that his pocket had been picked.

"We treated them as nice as we know how," Benton Sheriff Bud Payne insisted. He said he had not been notified of any court action but if it comes "we'll just have to defend ourselves."

Coach Tommy Henrich of the Detroit Tigers batted .282 in 1,284 American League games with the Yankees. He also hit .282 in 21 World Series games.

**Babe Play On
4th Story Ledge**
CINCINNATI (AP) — It was an agonizing five minutes for onlookers in downtown Cincinnati Friday, but Alma Lee Sanders, 17 months old, just thought it was fun.

The youngster stretched, waved her arms, looked around, sat down and dangled her feet, laughed and shouted: "Look at the doggy."

She was pointing at the dog in the street four floors below her apartment home. The girl had climbed out a window to a narrow ledge while her mother slept.

A workman in the street ran upstairs to hammer on the apartment door, wake Mrs. Lois Sanders and get her daughter inside.

**EMPLOYEES SEEK
TO HELP FIRM**
PITTSBURGH (AP) — An attorney plans to seek court permission for employees of the Troop Water Heater Co. to use \$35,000 from their pension fund to aid the firm in its financial troubles.

The firm was formerly headed by 26-year-old Earl Belle, Pittsburgh financier now living in South America.

Atty. Ernest G. Nassar, representing members of USW Local 2149, said Friday he will ask Allegheny County Common Pleas Court to permit the loan.

Some \$5,000 of the money would be used to pay back wages to the firm's employees. Troop is now in receivership.

Meanwhile, representatives of several companies affected by Belle's transactions met in New York Friday, but a spokesman declined to state the purpose of the meeting or the firms attending.

Coach Luman Harris of the Baltimore Orioles won 35 games and lost 63 as a pitcher with the Philadelphia Athletics.

SUGGESTS THAT CONGRESS GET "BACK TO JOB"

WASHINGTON (AP) — Rep. Elmer J. Holland (D-Pa.) suggested Friday that Congress drop its various investigations and "get back to its job."

"Congress was never intended as an investigation body," said Holland. "It is supposed to be a legislative body."

The Pittsburgh Democrat, a member of the House Committee on Education and Labor, said the Federal Bureau of Investigation should take over all probes of un-American activities and the Justice Department should pursue investigations where law violations are suspected.

Holland said his statement included such congressional investigations as labor racketeers and the Sherman Adams-Bernard Goldfine inquiry.

The landing of U.S. Marines in Lebanon points up the work that Congress should be undertaking in this time of grave international crisis, Holland said.

He added that under the circumstances, sending in the Marines was the only thing that could be done.

DELAWARE CITY, Del. (AP) — The German freighter Gottengen and the tanker Esso Chester collided Friday night near Pa. Patch Island off the Chesapeake and Delaware Canal about 30 miles south of Philadelphia.

The Coast Guard reported slight damage and no injuries. Both ships continued their journeys.

HARRISBURG (AP) — Charles L. Eby, Harrisburg, was named director of the State Bureau of Rehabilitation Friday at an annual salary of \$10,432. He replaces Mark M. Walter, Strafford, who retired.
